《妇产科精粹》

内容概要

The New Edition of this primer on obstetrics and gynecology presents all the essential information on the specialty in an engaging and easy-access format. Completely revised and updated, it features an attractive new design, a succinct and even more reader-friendly writing style, and totally restructured contents. Plus, the entire book has been reviewed by a panel of advisors-including a nurse, midwife, and a panel of obstetric and gynecologic "referees."
