《Gift of the Magi, Le》

内容概要

O. Henry's classic tale of Della and Jim, the struggling newlyweds so anxious to give each other a Christmas gift that each sells the one thing the other holds most dear, receives an oddly lifeless treatment here. Heyer's meticulously detailed illustrations are pretty but stilted; the characters look like mannequins. The rueful Jim fares better than poor prematurely middle-aged Della, who at times looks more like his mother than his wife. Still, the story is as touching as ever, and neither time nor mediocre artwork can dim its glory. All ages.

Gr. 5 and up. A classic story becomes a picture book for older readers in this oversize edition. Heyer's paintings reflect the turn-of-the-century setting and are nicely executed, if occasionally stiff. Because the protagonists are both adults, there will not be automatic appeal for younger children, but preteens, and especially teenagers, should find the romantic appeal that has been apparent to previous generations of readers. Ilene Cooper --This text refers to an out of print or unavailable edition of this title.

The beloved short story first published in 1906 is presented in an attractive edition with full-color illustrations that bring the sentimental story of the young couple to life. Jim and Della live in a furnished flat in New York City, scraping by on a minimal income early in their marriage. At Christmastime, Della sells her beautiful, long hair for money to buy Jim a platinum pocket-watch chain. On the same day, Jim sells his heirloom pocket watch to buy a set of hair combs that Della has admired. Their Christmas gifts are compromised, but they realize they have the best gift of all - each other. The story is a period piece, with lengthy sentences, some old-fashioned vocabulary and asides to the reader from the omniscient narrator. Lynch's gentle illustrations help make the story accessible to today's readers, providing historical context in settings, costumes and the accoutrements of the era, as well as believable characterizations of the young couple. The text is printed on sepia-toned backgrounds that extend the antique flavor of the narrative.
