## 《India Interest Three》

### 内容概要

In India, at the birth of the last century, an infant is brought howling into the world, his remarkable paleness marking him out from his brown-skinned fellows. Revered at first, he is later cast out from his wealthy home when his true parentage is revealed. So begins Pran Nath's odyssey of self-discovery - a journey that will take him from the streets of Agra, via the red light district of Bombay, to the brick cloisters of Oxford and beyond - as he struggles to understand who he really is.
