## 内容概要

John Updike was a master storyteller, and this collection, from his final years, reveals that up to the end he remained the finest short-story writer of his generation. 'Magnificent, exhilarating, crisply evocative, rippling with irony. Updike's genius can be seen on peak form. With this book, a talent that burnt brightly goes out in a blaze of brilliance' - "Sunday Times". 'A haunting valedictory alive with characteristic preoccupations: small-town life; 'domestic duplicity'; travel; aging rituals; and, the transience of existence. This is a collection filled with nuanced observations, descriptive flair and sentences that stop you in your tracks' - "Metro".

### 精彩短评

- 1、因为看到有人在推荐中译本，所以跑去图书馆把这本书翻了出来。这本书读的很慢，拖来拖去终于被图书馆罚了两个胖子，不是不好看才读得慢，是不想将短篇小说集再读的支离破碎才不肯读完。读着读着就有一种想把作者的书搜全的冲动。不知道下次的山倒图里会不会有他。
- 2、 I was going somewhere, and he was seeing me go. I was growing in my own sense of myself, and to him I was getting smaller.
