《(航空母舰)AIRCRAFT CA》

内容概要

A comprehensive guide to the modern nuclear-powered aircraft carriers deployed worldwide in support of U.S. interests and commitments, this book includes the history of the aircraft carrier—from its development during World War I to its important role in the Pacific Theater during World War II to today's status as first line of American defense.

《(航空母舰)AIRCRAFT CA》

Index

《(航空母舰)AIRCRAFT CA》

精彩短评

- 1、几乎没有图片，就是文字介绍，长点见识。文章形式生动，科普读物。
- 2、航母想了幾年終於在卓越買到 但是畢竟是03年出版的書了 有些資料有點舊
