《New York (平装)》

内容概要

New, expanded edition: the world's best full-colour travel guides just got better. This book is as much a celebration of the Big Apple as it is a practical guide book. Every page is packed with photographs and illustrations which show off New York's architecture and sights to maximum effect. Major museums, and attractions such as Ellis Island, get extended coverage. With detailed visiting information and excellent maps, and plenty of good restaurants, shops and hotels to choose from, this is the only guide you will need.
