

《中非地下水资源可持续利用》

图书基本信息

书名：《中非地下水资源可持续利用》

13位ISBN编号：9787562525561

10位ISBN编号：7562525560

出版时间：2011-1

出版社：中国地质大学出版社

页数：130

版权说明：本站所提供下载的PDF图书仅提供预览和简介以及在线试读，请支持正版图书。

《中非地下水资源可持续利用》

内容概要

《中非地下水资源可持续利用(英文版)》主要内容简介："In the sustainable utilization of groundwater resources (English version)" (authorMa Teng、Zhai Mingzhe、Oteng Lekgowe、Tan Ting) included:"Hydrogeology and Groundwater Management in Botswana"、"Groundwater Resources Distribution and Vulnerability in Botswana"、"Improving Water Availability through Watershed Management in Africa" And other essays.

《中非地下水资源可持续利用》

书籍目录

1. Hydrogeology and Groundwater Management in Botswana
 2. Groundwater Resources Distribution and Vulnerability in Botswana
 3. Economic Gains at the Expense of Health and the Environment? The Effects of Artisanal Diamond Mining on Groundwater Quality in Koidu , Sierra Leone , and the Need for Protection
 4. Improving Water Availability through Watershed Management in Africa
 5. Rainwater Harvesting and Artificial Recharge in Africa
 6. The Application of a New Stable Isotope Tracer (^{81}Br) in Groundwater Research
 7. Modified Diatomite as Adsorbent for Removal of Heptachlor from Water
 8. Geological Filtration Technology Applied to Remove Arsenic from Groundwater of Hangjinhouqi Area , China
 9. Heavy Metals in Shallow Groundwater from Some Sites in Daye City of China
 10. Spatial Distribution Characteristics of Heavy Metal Elements in Unsaturated Zone of Xiaodian Sewage Irrigation Area in Taiyuan
 11. Experimental Study on Quantitative Assessment of Cr (VI) Reducibility Using ^{53}Cr
 12. Study on Arsenic in Groundwater under the Influence of Irrigated Agriculture In Hetao Plain , Inner Mongolia
- POSTSCRIPT

《中非地下水资源可持续利用》

编辑推荐

"In the sustainable utilization of groundwater resources (English version)" (author Ma Teng、 Zhai Mingzhe、 Oteng Lekgowe、 Tan Ting) included : "Hydrogeology and Groundwater Management in Botswana" 、 "Groundwater Resources Distribution and Vulnerability in Botswana"、 "Improving Water Availability through Watershed Management in Africa" And other essays.
