## 前言

金融英语证书考试 (Financial English Certificate Test, FECT) 是中国人民银行和国家教委于1994年确立的我国第一个国家级的行业性英语证书考试制度, 其考试目标是为国家培养既精通现代国际金融业务, 又能运用英语进行银行业务操作及管理的中高级复合型人才, 提高金融系统职工队伍的整体素质, 并促进金融系统职工培训工作逐步与国际专业培训接轨。考试由综合考试和高级考试两个层次组成: 综合考试科目为《现代金融业务》; 高级考试由《现代金融理论与实务》(必考)、《银行业务与管理》(选考) 及《证券与保险业务》(选考) 组成。本书是以中国人民银行总行实施的《金融英语证书考试大纲》为依据, 参照金融英语证书考试教材《现代金融业务(第三版)》编写而成。该书收集了大量实用银行业务资料和信息, 并根据金融英语证书考试题型编写了10套模拟试题。试题选取的文章覆盖面广、题量大, 可以全面测试金融基础知识和银行业务操作。本书所选取的内容绝大多数出自国内、外近年出版的经济与金融文献、杂志、专著和资料。为了帮助考生很好地解答和理解各种题型, 我们在练习后面附有参考答案(包括听力录音原文材料)和详解, 提供给读者以使用来全面自测金融英语的运用能力。需要特别说明的是: 本书10套模拟试题听力部分均配有录音音频(MP3格式), 读者可登录[中华金融学习网](#)/[中华英语学习网](#)使用随书赠卡下载。本书在编写过程中得到了全国重点大学等一线教师指导与审阅, 在此表示感谢。由于水平有限, 错误在所难免, 衷心希望各位读者批评指正。

Financial English Certificate Test 9 ( BANKING : COMPREHENSIVE)Scripts of Listening 9Reference Answer	9
Financial English Certificate Test 10 (BANKING: COMPREHENSIVE)Scripts of Listening 10Reference Answer	10

## 章节摘录

A financial future is a contract to buy or sell certain forms of money at a specified future date, with the price agreed at the time of the deal. Under such a contract, if the market price of the financial instrument concerned should be higher on the delivery date than the price specified in the contract or if its yield should be lower, the seller undertakes to meet the difference and, by collecting this, the buyer can obtain a price or yield which is settled at the time the contract is agreed. Conversely, if the market price of the financial instrument should be lower or its yield higher than is specified in the contract, the seller will gain and the buyer will lose the difference: but at least the buyer still has the comfort of knowing the price or yield in advance, as it was fixed at the date the contract was entered into. The London International Financial Futures Exchange brings together those buyers and sellers who wish to hedge against interest rate and exchange rate fluctuations. On the exchange, "standard" agreements ( or contracts ) , are available for: 1 ) interest rate movements by trading interest bearing securities, such as bank deposit certificates, interlocking or Eurodollars, gilt-edged stocks and United States Treasury Bonds ; 2 ) exchange rate fluctuations by trading a range of currencies, for example the United States dollar against the pound sterling, the United States dollar against the Swiss franc and so on. On LIFFE, in order to make the contracts more tradable and to enable keener prices to be quoted, a limited range of standard contracts is available with fixed settlement dates. For example, the contract size for sterling bank deposit certificates is GBP 500 000 with delivery on the second Wednesday of the delivery month which could be March, June, September or December.
