《The Orchid Thief (馈

内容概要

Product Description Orchidelirium is the name the Victorians gave to the flower madness that is for botanical collectors the equivalent of gold fever. Wealthy orchid fanatics of that era sent explorers (heavily armed, more to protect themselves against other orchid seekers than against hostile natives or wild animals) to unmapped territories in search of new varieties of *Cattleya* and *Paphiopedilum*. As knowledge of the family Orchidaceae grew to encompass the currently more than 60,000 species and over 100,000 hybrids, orchidelirium might have been expected to go the way of Dutch tulip mania. Yet, as journalist Susan Orlean found out, there still exists a vein of orchid madness strong enough to inspire larceny among collectors. *The Orchid Thief* centres on south Florida and John Laroche, a quixotic, charismatic schemer once convicted of attempting to take endangered orchids from the Fakahatchee swamp, a state preserve. Laroche, a horticultural consultant who once ran an extensive nursery for the Seminole tribe, dreams of making a fortune for the Seminoles and himself by cloning the rare ghost orchid *Polyrrhiza lindenii*. Laroche sums up the obsession that drives him and so many others: I really have to watch myself, especially around plants. Even now, just being here, I still get that collector feeling. You know what I mean. I'll see something and then suddenly I get that feeling. It's like I can't just have something--I have to have it and learn about it and grow it and sell it and master it and have a million of it. Even Orlean--so leery of orchid fever that she immediately gives away any plant that's pressed upon her by the growers in Laroche's circle--develops a desire to see a ghost orchid blooming and makes several ultimately unsuccessful treks into the Fakahatchee. Filled with Palm Beach socialites, Native Americans, English peers, smugglers and naturalists as improbably colourful as the tropical blossoms that inspire them, this is a lyrical, funny, addictively entertaining read. -- Barrie Trinkle, Amazon.com --This text refers to an out of print or unavailable edition of this title. Product Description The story of orchid thief and obsessive, John Laroche, and the bizarre world of the orchid fanciers of Florida. The world of the orchid hunters, breeders and showmen, their rivalries, vendettas and crimes, smuggling, thefts and worse provide the backdrop to an exploration of one of the byways of human nature, the obsessive world of the collector.

作者简介

I'm an author, a staff writer for The New Yorker, a dog owner, a gardener, a parent, a frequent lecturer/speaker, an occasional teacher, a very occasional guest editor, a once-in-a-blue-moon movie inspiration, and doodler. I've written a lot of books, which are featured here, and even more magazine articles, some of which I've posted here. There's information about that once-in-a-blue-moon movie, *Adaptation*; a compendium of news and links about me; and a calendar listing my upcoming readings and appearances and dentist appointments. And I'll be adding more all the time...

章节试读

1、《The Orchid Thief (兰花贼) 》的笔记-第108页

“ his life seemed to be filled with things that were just like the ghost orchid—wonderful to imagine and easy to fall in love with but a little fantastic and fleeting and out of reach. ”

2、《The Orchid Thief (兰花贼) 》的笔记-第63页

“ He often took germinating seeds and drenched them with household chemicals or cooked them for a minute in his microwave oven so that they would mutate and perhaps turn into something really interesting, some bizarre new shape or color never seen before in the orchid world. ”
居然这样做random mutation。。。败给他了。。。
