《(美国之子肯尼迪)AMERICANS》

内容概要

The last, defining years of the life of John F Kennedy Jr, as seen by an editor who worked for him at George magazine. At thirty-four, better known for his social life than his work as an assistant district attorney, John F Kennedy Jr was still a man in search of his destiny. All that changed in 1995 when Kennedy launched a bold new magazine about American politics, puckishly called George. Over the next four years, Kennedy's passionate commitment to the magazine - and to the ideals it stood for - transformed him. One witness to this transformation was Richard Blow, an editor and writer who joined George several months before the release of the first issue.
