精彩书评

1、 This book offers a serious, well-informed, insider view of the hotels at the avant-garde of interior designing by the time it was published. It is a sumptuously illustrated, beautifully produced book, and takes the reader on a visual tour of more than sixty of the world's most outstanding hotels. Divided equally among metropolitan and resort hotels in North and South America, Europe, and the Middle East and packed with hundreds of color photographs, Ultimate Hotels is a must-have for anyone interested in distinctive style, service, and design in accommodations. Great project selections and pictures, but DON't expect any floor plans, elevations or detailing. Good for inspiration though. Also, it's good for travelers too.
