内容概要

New to the market for July 2006, Collins are delighted to introduce the Collins Compact French Dictionary, new colour edition to add to the range of acclaimed Collins dictionaries. Developed as part of the Collins Leisure stream, this dictionary is designed for all those studying French as a hobby or who need maximum information in a handy travel format. The Collins Compact French Dictionary offers comprehensive and up-to-the-minute coverage of French and English, with additional notes warning the user of those words which are easily confused, like 'agenda'. The Collins Compact French Dictionary delivers the accuracy and reliability you expect from the Collins name - with natural, idiomatic example phrases, in-depth treatment of the most important core vocabulary (do, get, avoir, faire) and help to find the exact translation you want. It features a clear layout with colour to show the main headwords making it even easier to find exactly the word you want. Where does it fit in the range? Collins French Gem (0-00-712622-0); Collins Express French (0-00-718378-X); Collins Compact French (0-00-723145-8); and Collins Essential French (0-00-719162-6). Words are tools for life. And a Collins dictionary makes them work for you.
