《Atlantis Found 发现亚特》

内容概要

在线阅读本书

Dirk Pitt discovers Atlantis, in a breathtaking novel from the grand master of adventure fiction.

Clive Cussler has long since proven himself one of America's most popular authors--a master of intricate, audacious plotting and "vibrant, rollicking narrative" (Chicago Tribune). But Atlantis Found may be his most audacious novel of all.

September 1858: An Antarctic whaler stumbles upon an aged wreck, its grisly frozen crew guarding crates of odd antiques--and a skull carved from black obsidian.

March 2001: A team of anthropologists gazes in awe at a wall of strange inscriptions, moments before a blast seals them deep within the Colorado rock.

April 2001: A research ship manned by Dirk Pitt and members of the U.S. National Underwater and Marine Agency is set upon and nearly sunk by an impossibility--a vessel that should have died fifty-six years before.

Pitt knows that somehow all these incidents are connected, and his investigations soon land him deep into an ancient mystery with very modern consequences, up against a diabolical enemy unlike any he has ever known, and racing to save not only his own life but the future of the world itself.

The trap is set. The clock is ticking. And only one man stands between earth and Armageddon. . . .

Filled with dazzling suspense and astonishing set pieces, this is Clive Cussler's greatest adventure novel yet.

"I've always had tremendous fun with Dirk Pitt, but nothing has given me more pleasure than the opportunity to send him to that most fabled of lost lands, Atlantis, and to virtually reinvent aspects of its civilization. I hope you have as good a time reading Atlantis Found as I did writing it!"--Clive Cussler --This text refers to an out of print or unavailable edition of this title.

《Atlantis Found 发现亚特》

精彩短评

1、我一直以为Clive Cussler只是写得快、美国唐家三少而已，看了这本土鳌亚特兰提斯小说的开头，天翻地覆，老头用一整章写一万年导致猛玛剑齿虎灭绝的彗星撞击，天马行空，壮阔潇洒。
