#### Book Description

Presiding over the small Sicilian village of Adano during World War II, an Italian-American major wins the love and admiration of the natives when he searches for a replacement for the 700-year-old town bell that had been melted down for bullets by the Fascists. Although situated during one of the most devastating experiences in human history, John Hersey's story speaks with unflinching patriotism and humanity.

## 《钟归阿达诺A Bell for Adan》

### 精彩短评

- 1、有些复杂的人物，比如Tina的男友，但总体上是把战争和意大利人写得比较脸谱化的。情节张弛有度，词语简单流畅，读起来还是很享受的。3.5
- 2、Stereotype...The book is simply a glorification of American democracy over the evil Fascism. It is a little too light and simple: the stereotypes of army personnel and the local Italian personalities seem so trite. And it seems to me that the book is a symbol of that era: the US, land of democracy, is trying to prove their superiority over Fascism.
