《宋代女詞人詩選：采芙蓉》

內容概要

Pluck a Lotus for Pleasure provides the English reader with a comprehensive collection of works of more than thirty five women poets of the Song Dynasty (960-1279 C.E). Along with little known authors of the period, some of the most famous are represented here by works previously little translated. Included are Lady Wei, Zhun Yuniang, Sun Daoxuan, Zhu Shuzhen and Li Qingzhao. These collaborative translations are from the University of Macau 's 1958group. The anthology is jointly published with Virtual Artists ' Collective.
