《挥杆伴随着生命》

内容概要

Life with a Swinger reveals the personal challenges, compromises and quests faced both by husbands whose "day job" is a rare calling and by the wives who choose to support them through the ups and downs of the game. Ninety-six contributors from the world of professional golf share their stories in their own words. "With their book, Kay Davidoff-Ziplow and Leslie Zinberg have filled a dimension long glossed over in the literature of golf-the game's showcase world of the PGA Tours from the perspective of the wives. They play such an important part in the overall picture, and now we have a compilation of their thoughts and feelings as they have lived their unique lives at the sides of their husbands. Most interesting reading indeed."
