内容概要

China has many great mountains, among them Mount Taishan in Shandong, Mount Hengshan in Hunan, Mount Huashan in Shaanxi, Mount Hengshan in Shanxi and Mount Songshan in Henan which are regarded as sacred mountains guarding the country's east, south, west, north and central areas respectively, thus the term Five Sacred Mountains.

Towering Mount Taishan stands rooted in the east and mirrored in the sea. Rich in relics and with profound historical associations, it was honored as Chief of the Five Sacred Mountains and Watch Guard of the State. From antiquity right up to the late 18th century, it was the first place that rulers would come to inspect and hold sacrificial ceremonies.

Encompassing the geological formation of Mount Taishan historical records about imperial ceremonies on the mountain, Mount Taishan culture, religion and folk customs, tales about the ancient philosophers, statesmen, poets and scholars who visited the great place ... of all the books about Mount Taishan, this is indeed the most comprehensive.

The book is lavishly illustrated, with 220 pictures vividly depicting the seasonal changes and the magnificent buildings on this sacred mountain.

中国多名山。在诸多名山中，因山东省的泰山、湖南省的衡山、陕西省的华山、山西省的恒山和河南省的嵩山分峙于国之东、南、西、北方的中部，自古被视为镇守一方的神山，统称为五岳。五岳之中，东岳泰山根盘东方，影照大海，有拔地通天之势，赋存丰富，文化积淀深厚，被尊为五岳之首、国之镇山。自远古时期至18世纪末，一直是历代帝王祭祀、封禅、巡游的首选之地。本书内容囊括了泰山的形成，历代帝王祭祀、封禅泰山的史实，泰山的文化、宗教和民俗民情，以及古代思想家、政治家、诗人、名士在泰山的遗迹等等，是目前所见描述泰山的著作中最详尽的一部。书中配有二百二十余幅图片，与文字相辅相成，形象地展现泰山峰峦泉水的神奇灵秀、晨昏阴晴景色的变幻、楼阁巍峨的佛寺道观。
