《土木工程专业英语》

内容概要

《百校土木工程专业"十二五"规划教材:土木工程专业英语》第1章主要对土木工程领域的各个分支进行了总体介绍,第2章到第16章则依次介绍了高层建筑、空间结构、桥梁工程、道路工程、隧道工程、岩土工程、地震工程、建筑材料、测量、施工工程、项目管理、水资源工程、海岸工程、环境工程和市政工程。每章都介绍了一到两个工程案例,同时为便于读者查阅,每章末都附有文献索引。《百校土木工程专业"十二五"规划教材:土木工程专业英语》内容翔实,附有大量土木工程案例,图文并茂。

书籍目录

Unit 1 Civil Engineering

- 1.1 Introduction
- 1.2 Group Discussion
- References

Unit 2 Structural Engineering Tall Buildings

- 2.1 Introduction
- 2.2 Reading Material The Tallest Building: Burj khalifa
- 2.3 Group Discussion
- References

Unit 3 Structural Engineering.. Space Structures

- 3.1 Introduction
- 3.2 Reading Material National Stadium: the Bird's Nest
- 3.3 Group Discussion
- References

Unit 4 Bridge Engineering

- 4.1 Introduction
- 4.2 Reading Material Golden Gate Bridge
- 4.3 Group Discussion
- References

Unit 5 Road Engineering

- 5.1 Introduction
- 5.2 Reading Material Qingzang Railway
- 5.3 Group Discussion
- References

Unit 6 Tunnel Engineering

- 6.1 Introduction
- 6.2 Reading Material (1) Shanghai Yangtze River Tunnel and Bridge Project
- 6.3 Reading Material (2) Busan-Geoje Immeed Tunnel, Korea
- 6.4 Group Discussion
- References

Unit 7 Geoteehngical Engineering

- 7.1 Introduction
- 7.2 Reading Material Excavation Project of Taipei National Enterprise Centre ...
- 7.3 Group Discussion
- References

Unit 8 Earthquake Engineering

- 8.1 Introduction
- 8.2 Reading Material Seismic Retrofit of Sardis Dam to Mitigate Liquefaction ...
- 8.3 Group Discussion
- References

Unit 9 Cotruction Materials

- 9.1 Introduction
- 9.2 Reading Material (1) New Cotruction Materials
- 9.3 Reading Material (2) Green Materials

9.4 Group Discussion

References

Unit 10 Surveying

10.1 Introduction

10.2 Reading Material Satellite Positioning

10.3 Group Discussion

References

Unit 11 Cotruction Engineering

11.1 Introduction

11.2 Reading Material Cotruction of Rio Piedras Mined Station

11.3 Group Discussion

References

Unit 12 Project Management

12.1 Introduction

12.2 Reading Material A Case Study of Cotruction Management on the

Boston Harbor Project

12.3 Group Discussion

References

Unit 13 Water Resources Engineering

13.1 Introduction

13.2 Reading Material Three Gorges Dam

13.3 Group Discussion

References

Unit 14 Coastal Engineering

14.1 Introduction

14.2 Reading Material Performance of the New Orlea Levee Systems in

Hurricane Katrina

14.3 Group Discussion

References

Unit 15 Environmental Engineering

15.1 Introduction

15.2 Reading Material Hinkley Groundwater Contamination

15.3 Group Discussion

References

Unit 16 Municipal Engineering

16.1 Introduction

16.2 Reading Material Urban Development in China

16.3 Group Discussion

References

《土木工程专业英语》

精彩短评

- 1、基本纯英文的，不是很人性
- 2、同样感觉书放了很久，不过估计内容还不错，未来得及看
- 3、书质量不错，是新的，其中有插图，有部分单词的注释
