习题答案

章节摘录

2. This good little boy read all the Sunday-school books; they were his greatest delight. This was the whole secret of it. He believed in the good little boys they put in the Sunday-school books; he had every confidence in them. He longed to come across one of them alive once; but he never did. They all died before his time, maybe. Whenever he read about a particularly good one he turned over quickly to the end to see what became of him, because he wanted to travel thousands of miles and gaze on him; but it wasn't any use; that good little boy always died in the last chapter, and there was a picture of the funeral, with all his relations and the Sunday-school children standing around the grave in pantaloons that were too short, and bonnets that were too large, and everybody crying into handkerchiefs that had as much as a yard and a half of stuff in them. He was always headed off in this way. He never could see one of those good little boys on account of his always dying in the last chapter.

3. Jacob had a noble ambition to be put in a Sunday-school book. He wanted to be put in, with pictures representing him gloriously declining to lie to his mother, and her weeping for joy about it; and pictures representing him standing on the doorstep giving a penny to a poor beggar-woman with six children, and telling her to spend it freely, but not to be extravagant, because extravagance is a sin. That was the ambition of young Jacob Blivens. He knew it was more fatal than consumption to be supernaturally good as the boys in the books were; he knew that none of them had ever been able to stand it long, and it pained him to think that if they put him in a book he wouldn't ever see it, or even if they did get the book out before he died it he wouldn't be popular without any picture of his funeral in the back part of it. It couldn't be much of a Sunday-school book that couldn't tell about the advice he gave to the community when he was dying. So at last, of course, he had to make up his mind to do the best he could under the circumstances-to live right, and hang on as long as he could, and have his dying speech all ready when his time came.

4. But somehow nothing ever went right with this good little boy, nothing ever turned out with him the way it turned out with the good little boys in the books. They always had a good time, and the bad boys had the broken legs; but in his case there was a screw loose somewhere, and it all happened just the other way. When he found Jim Blake steal-ing apples, and went under the tree to read to him about the bad little boy who fell out of a neighbor's apple tree and broke his arm, Jim fell out of the tree, too, but he fell on him and broke his arm, and Jim wasn't hurt at all. Jacob couldn't understand that. There wasn't anything in the books like it.
