章节摘录

salad and three-bean salad. For dessert we can churn homemade ice cream. That is one of my favorite things ——both making the ice cream and then eating it! We can eat at the picnic table. Hu It will be nice to be outside. It has been rainy for a week, but the forecast is for sunshine and warmer weather, What will we do the rest of the weekend ? Emily During Friday dinner we will plan out the rest of the weekend. There are a lot of things we have done in the past. Sometimes we have a pick-up basketball game in the driveway or a football game in the backyard. I prefer basketball and Conor likes football. Hu I dont know any of the rules of football but I like basketball. I am a good free throw shooter and I am a sticky defender! Emily Other things that we have done in the past are going to the movies, the beach, on a hike, and out to dinner in a nice restaurant. Hu It is still a little cool to be going to the beach, but I would like to go on a hike. Emily One of my favorite hikes is climbing in the foothills of the San Gabriel Mountains. They are close by and when you get to the top of the grassy area, it is called chaparral, there is a beautiful view of Los Angeles and you can see the ocean. Hu Is it a steep climb ? Emily It is no problem for my parents. I think it is easy but Conor will complain. But I guess that is the job of the younger brother to complain! Hu There is one other thing that I would like to do. That is to go to the Huntington Museum. I read about it before I came to California and it sounded wonderful. It is filled with beautiful artwork and outdoor gardens with plants from all around the world. I really love flowers, especially lilies! Emily That is a great idea. You know what ? I have never been there even though it is nearby. Isnt it funny that it takes a friend from China to get the Browns to see something that is actually in their backyard ? Hu Thank you all so much for having this family weekend. I feel a lot less homesick already!
